

# Hatzic Hockey Academy

## STUDENT ACADEMIC RIGOUR AND BEHAVIOR PERFORMANCE CONTRACT

Individuals who participate in the Hockey Academy must be aware of the school's expectations regarding their behavior and work ethic towards the program and their studies. Please sign this contract in affirmation of the statements listed below:

I understand that my participation in the hockey program is not a right, but rather a privilege. In honoring this privilege, I must adhere to the following:

- I understand that I must demonstrate exemplary behavior and respect towards the people, both peers and teachers involved in the hockey program, and the academic curriculum of the school. I can do this by following all classroom and school rules.
- I understand that while off campus, at the rink, I am an ambassador of Hatzic Secondary. I will conduct myself in such a way as to leave those I encounter with a positive view of both myself and the school.
- I understand that I will also respect my own and the property of others.
- I understand that my academic studies come first and regardless of how hard the subject curriculum may be to master, I will always give my best effort towards my studies. I can do this by not receiving an "N" under any of my grades for work habits and social responsibility.
- I understand regular attendance and punctuality is key to success in both the hockey program and in school academics.
- I understand that failure to comply with the expectations listed above will result in a review of one's participation in the hockey academy and possible expulsion from the program.
